

Memorandum

DATE: March 3, 2011

TO: Board of Public Works

FROM: Mark Radtke, Director of Public Works *MR*

RE: Recommendation to Award – ACC Planned Service; Contract Unit No. 2011-01;
Public Protection Facility HVAC Equipment; \$115,487.00

Five bids for this project were received and opened on Tuesday, March 1, 2011 at City Hall (see attached bid tabulation). This project involves the replacement of two roof top condensing units and two gas fired hot water boilers at the Public Protection Facility on First Street. The City has received an Energy Efficiency Community Block Grant for this work in the amount of \$116,800.

The low bid of \$115,487.00 represents a very competitive bid result for this work and places the City in a favorable position to economically complete this project. It is my recommendation the City award Contract Unit No. 2011-01 to ACC Planned Service in the amount of \$115,487.00.
